SAFE	We walk safely when moving around the school community	

The new fortnightly behaviour focus is to be explicitly taught to students on the Monday of each odd week (Weeks 1,3,5,7,9, 11). The behaviour focus is then continually reinforced throughout the fortnight. Student awards can be based on the fortnightly focus and are awarded to students who display these values consistently. Awards can be presented to students in class and recognised by their peers at the end of each even week.
